Weddings are exciting, joy-filled, and beautiful. I would be honored to be a part of yours.

Your wedding day is the culmination of much planning, preparation and anticipation. I understand that high quality photography is one of the most important investments you will make, and I realize that your photographs will hold memories of your ceremony and celebration for generations to come.

These moments only happen once, and I take seriously the responsibility of capturing them with beauty and style.

My goal is to not only capture the event, but to convey your unique love story. Ultimately, I want you and your family to be able to *feel* the love and joy of this special day when you look back at your photos.

LOVE

"... Kathy said she was amazed at how unobtrusive you were while you were taking your many different photo shots during the ceremony. Plus, I was deeply touched by the emotion & love you managed to capture on film. I've gone to your website multiple times, already, to enjoy the photo story you "wrote" for us, & I commend you for both your thoroughness & your creativity. We're indebted to you for doing such a fine job with our younguns' photos, knowing that the gift of your great work will be a lifetime treasure for them!"

Janie W. (Mother of the Bride)

"Deji is the consummate professional and his work is spectacular! The spirit he brings in his personality is reflected in his work. Thank you for being so great Deji!"
