Keep the low cost of solar
power. Take the worry out
of solar system ownership.

Rethink solar ownership
with the Sunnova Solar
Buyback Program.

If you own a rooftop solar system, but have ever
wondered if it's working right, or what you will do
when it needs repairs, then the Solar Buyback
Program is for you.

From Sunnova

Solar Buyback

What is the Solar Buyback Program?

Sunnova will pay you cash for your system and then provide comprehensive solar coverage, including system monitoring, performance guaranty, warranty, maintenance, and insurance, through our Solar Service Agreement. You simply make a fixed monthly lease payment and we take care of the rest. The system remains on your roof, but we own, monitor and maintain it.

Solar Buyback allows you to continue to save on your monthly utility bills with a low-cost solar rate without the burden of solar system maintenance, costly repairs and monitoring.

When you sign up for solar service with Sunnova, you purchase power at a low, monthly price through the life of the agreement. We guarantee that the system will generate a minimum amount of power each year, and if it doesn't, we'll reimburse you for the difference.

ARE YOU ELIGIBLE?

- ✓ You own your home and solar system
- ✓ Your system has 12 months of production history and is less than 10 years old
- ✓ You have a minimum credit score of 650 + FICO

WHY SHOULD YOU SELL TO SUNNOVA?

We're in the business of helping homeowners save money through solar generation. We own, maintain and monitor solar systems all over the United States. If your goal is to reduce utility costs – you don't have to own your solar system to do it. Sunnova gives you the affordability of solar power without the worry of ownership.

THE BENEFITS OF SOLAR BUYBACK

Cash Up Front. We pay you cash for your system, based on the prior 12 month's production. Keep your cash, and continue to save on your electric bill for years to come.

Solar System Maintenance and Warranty. When we buy back your system, we take care of any repairs or replacements for the life of the agreement.

Monitoring and Performance Guarantee. We monitor your system production so you don't have to. If you want to track your production, you can login to your customer account and check it out for yourself any time.

Insurance. We insure all of our systems through the life of the agreement, so you don't have to. If there are any damages, we have it covered.

Moving. If you need to move, Sunnova makes it easy to transfer the agreement to the new homeowner.
